

PCA3 information for your attending doctor!  
Hand in to your doctor's office team during your next appointment!

Dear Patient,

You informed yourself about the PCA3 urine test for prostate cancer and would like to use this test for your benefit. For medical information you should refer to your attending urologist. He knows your specific situation best and can judge, whether you could benefit from the PCA3 test.

We can provide you with a list of urologists in your vicinity, who are experienced in providing the PCA3 test.

You may also wish to hand in the attached request form to your doctor's office team: by using this your doctor can order specific medical information on the PCA3 test. NovioGendix will be pleased to provide this information.

If you have additional questions, please refer to our web-site [www.noviogendix.nl](http://www.noviogendix.nl) and the FAQ section there, or contact us via email [pca3@noviogendix.nl](mailto:pca3@noviogendix.nl) or by telephone +31 (0) 24 327 94 94.

With kind regards,

Pim Peelen

Head of Laboratory, Noviogendix

## PCA3 MEDICAL INFORMATION REQUEST FORM

Many thanks for your interest in further medical information about the new PCA3 prostate cancer urine test.

We are pleased to provide our medical information package to your attending urologist.

The information does not only contain scientific background information, but also details about sample preparation, pre-analytics and data reporting.

Please hand this form to the office team of your attending doctor, who will fill in the necessary contact information and send the form to us. We will then provide the requested information.
